

Cable Despatches.
PARIS, January 11.—The French floating debt has been reduced 2,000,000 francs. The estimates for 1870 show an increase of \$6,000,000.
MADRID, January 12.—4,000 soldiers have volunteered to suppress the Cuban rebellion.
PARIS, January 13.—For unexplained reasons, the Greek representative has been excluded from the conference. He protests, and applies to his Government for instructions. The conference will wait the action of Greece.

News Items.
CHARLESTON, January 12.—Arrived—steamer Champion, New York. Off the port—steamer Sallilla, New York. Sailed—schooner B. N. Hawkins, Boston; steamers James Adger, New York, Falcon, Baltimore.

AUGUSTA, January 12.—The Legislature meets to-morrow. It is thought that the question of negro eligibility may be submitted to the Supreme Court for decision. Two Democratic papers suggest that this course should be adopted by the Legislature.

NEW ORLEANS, January 12.—The Peruvian monitors, with the consorts Havana and Monterey, left this morning for the Pacific coast.

MONTGOMERY, January 12.—Judge Pelham, of the Circuit Court, on a case coming before him from the Probate Court of this County, decides that the present Legislature is an illegal body and Gov. Smith an illegal officer. Judge Pelham is a prominent member of the Republican party, and was elected to his office at the same time the Legislature and Governor were chosen.

MEMPHIS, TENN., January 10.—A shooting affray occurred in this city this morning, at 10 o'clock, at the corner of Second and Market streets, resulting in the death of Edward Whitfield, of the firm of Moore & Whitfield, cotton factors, by S. A. Doran, a gambler. Doran had rented a house from Whitfield's father, and kept such disreputable company, that an attempt was made in the courts to eject him. Doran, this morning, published a card in the *Avant*, denouncing both of the Whitfields as thieves, liars and poltroons. Edward Whitfield and Major Moore went to his house, for the purpose, it is supposed, of chastising Doran. On knocking at the door, it was opened and Whitfield entered. The door was slammed in Mr. Moore's face and locked. The shooting commenced simultaneously with the locking of the door. When Moore and a crowd, who were attracted by the firing, burst the door open, Whitfield was found lying on the floor dying, and Doran and two women standing in the centre of the room. Doran cried out that he surrendered, and he and the women were taken to jail. Whitfield's pistol was found on him, never having been drawn. He was shot through the body five times and beaten over the head with a pistol. There is strong talk of lynching Doran.

HAVANA, January 11.—A commission of influential citizens of Havana—native Cubans and prominent members of the Liberal party—left this city, yesterday, to meet the revolutionary army and attempt a compromise for restoring peace.

Affairs in Washington.
WASHINGTON, January 11.—3 P. M.—The bill extending the time for indictments in the United States Courts, except for treason and political offences, to two years after the State's restoration, passed. Rice introduced a bill aiding the Arkansas and Pacific Railroad.

The President has nominated Calvin J. Cowles, Assayer of the Mint at Charlotte, N. C.

In the House, Banks reported a resolution for a protectorate in San Domingo and Hayti.

Sumner presented a petition of a mass meeting at Macon, Georgia, asserting the deplorable condition of the country and asking the passage of Sumner's bill. A bill was introduced forbidding transfers to foreigners of grants or privileges from the United States.

It is reported that Sumner has in course of preparation for the press a complete history of his wanderings during his efforts to avoid the Government detectives and escape arrest, and that he will divulge everything he knows bearing in any way upon the parties concerned in the assassination of President Lincoln.

LONDON, January 11.—3 P. M.—Cottons unchanged. Bonds 75.

LIVERPOOL, January 12.—Evening.—Cotton firmer and prices unchanged; sales 12,000 bales.

Office of Udolpho Wolfe,
SOLE IMPORTER OF THE SCHIEDAM AROMATIC SCHNAPPS
22 BEAVER STREET, NEW YORK, NOV. 3, '68.
To the People of the Southern States.

When the pure medicinal restorative, now so widely known as Wolfe's SCHIEDAM SCHNAPPS, was introduced into the world, under the endorsement of 4,000 leading members of the medical profession, some twenty years ago, its proprietor was well aware that it could not wholly escape the penalty attached to new and useful preparations. He, therefore, endeavored to invest it with the strongest possible safeguard against counterfeits, and to render all attempts to pirate it difficult and dangerous. It was submitted to distinguished chemists for analysis, and pronounced by them the purest spirit ever manufactured. Its purity and properties having been thus ascertained, samples of the article were forwarded to 10,000 physicians, including all the leading practitioners in the United States, for purposes of experiment. A circular, requesting a trial of the preparation and a report of the result, accompanied each specimen. 4,000 of the most eminent medical men in the Union promptly responded. Their opinions of the article were unanimously favorable. Such a preparation, they said, had long been wanted by the profession, as no reliance could be placed on the ordinary liquors of commerce; all of which were more or less adulterated, and, therefore, unfit for medicinal purposes. The peculiar excellence and strength of the oil of juniper, which formed one of the principal ingredients of the Schnapps, together with an unalloyed character of the alcoholic element, give it, in the estimation of the faculty, a marked superiority over every other diffusive stimulant as a diuretic, tonic and restorative.

These satisfactory credentials from professional men of the highest rank were published in a condensed form, and enclosed with each bottle of the Schnapps, as one of the guarantees of its genuineness. Other precautions against fraud were also adopted; a patent was obtained for the article, the label was copyrighted, a fac simile of the proprietor's autograph signature was attached to each label and cover, his name and that of the preparation were embossed on the bottles, and the corks were sealed with his private seal. No article had ever been sold in this country, under the name of Schnapps prior to the introduction of Wolfe's Schiedam Aromatic Schnapps, in 1851; and the label was deposited, as his trade mark, in the United States District Court for the Southern District of New York during that year.

It might be supposed, by persons unacquainted with the daring character of the pirates who prey upon the reputation of honorable merchants, by vending delinquent trash under their name, that the protections so carefully thrown around these Schnapps would have precluded the introductions and sale of counterfeits. They seem, however, only to have stimulated the rapacity of impostors. The trade mark of the proprietor has been stolen; the endorsement which his Schiedam Aromatic Schnapps alone received from the medical profession has been claimed by mendacious humbugs; labels on bottles have been imitated, his advertisements paraphrased, his circulars copied, and, worse than all, dishonest retailers, after disposing of the genuine contents of his bottles, have filled them up with common gin, the most deleterious of all liquors, and thus made his name and brand a cover for poison.

The public, the medical profession and the sick, for whom the Schiedam Aromatic Schnapps is prescribed as a remedy, are equally interested with the proprietor in the detection and suppression of these nefarious practices. The genuine article, manufactured at the establishment of the undersigned, in Schiedam, Holland, is distilled from a barley of the finest quality, and flavored with an essential extract of the berry of the Italian juniper, of unequalled purity. By a process unknown in the preparation of any other liquor, it is freed from every acrimonious and corrosive element.

Complaints have been received from the leading physicians and families in the Southern States, of the sale of cheap imitations of the Schiedam Aromatic Schnapps in those markets; and travelers, who are in the habit of using it as an antidote to the baneful influence of unwholesome river water, testify that cheap gin, put up in Schiedam bottles, is frequently palmed off upon the unwary. The agents of the undersigned have been requested to institute inquiries on the subject, and to forward to him the names of such parties as they may ascertain to be engaged in the atrocious system of deception. In conclusion, the undersigned would say that he has produced, from under the hands of the most distinguished men of purity and medicinal excellence of the Schiedam Aromatic Schnapps; that he has expended many thousands of dollars in surrounding it with guarantees and safeguards, which he designed should protect

the public and himself against fraudulent imitations; that he has shown it to be the only liquor in the world that can be uniformly depended upon as unadulterated; that he has challenged investigation, analysis, comparison, and experiment in all its forms; and from every ordeal the preparation which bears his name, seal and trade mark, has come off triumphant. He, therefore, feels it a duty he owes to his fellow-citizens generally, to the medical profession and the sick, to denounce and expose the Charlatans who counterfeit these evidences of identity, and he calls upon the press and the public to aid him in his efforts to remedy so great an evil.

The following letters and certificates, from the leading physicians and chemists of this city, will prove to the reader that all goods sold by the undersigned are all they are represented to be.

UDOLPHO WOLFE.
I feel bound to say, that I regard your Schnapps as being, in every respect, pre-eminently pure, and deserving of medical patronage. At all events, it is the purest possible article of Holland Gin, heretofore unobtainable; and, as such, may be safely prescribed by physicians.

DAVID L. MOTT, M. D.,
Pharmaceutical Chemist, New York.
26 FINE STREET, NEW YORK, NOV. 21, 1867.
UDOLPHO WOLFE, Esq., Present.

DEAR SIR: I have made a chemical examination of a sample of your Schiedam Schnapps, with the intent of determining if any foreign or injurious substance had been added to the simple distilled spirit.

DEAR SIR: The want of pure Wines and Liquors, for medicinal purposes, has been long felt by the profession, and thousands of lives have been sacrificed by the use of adulterated articles. Delirium tremens, and other diseases of the brain and nerves, so rife in this country, are very rare in Europe; owing, in a great degree, to the difference in the purity of the spirits sold.

We have tested the several articles imported and sold by you, including your Gin, which you sell under the name of Aromatic Schiedam Schnapps, which we consider justly entitled to the high reputation it has acquired in this country; and, from your long experience as a foreign importer, your Bottled Wines and Liquors should meet with the same demand.

We would recommend you to appoint some of the respectable apothecaries in different parts of the city as agents for the sale of your Brandy and Wines, where the profession can obtain the same when needed for medicinal purposes.

Wishing you success in your new enterprise, we remain your obedient servants.

VALENTINE MOTT, M. D., Professor of Surgery, University Medical College, New York.
J. M. CARNOUGHAN, M. D., Professor of Clinical Surgery, Surgeon-in-Chief to the State Hospital, etc., No. 14 East 16th street.

The examination has resulted in the conclusion that the sample contained no poisonous or harmful admixture. I have been unable to discover any trace of the deleterious substances which are employed in the adulteration of liquors. I would not hesitate to use myself, or to recommend to others, for medicinal purposes, the Schiedam Schnapps as an excellent and unobjectionable variety of gin. Very respectfully yours,
(Signed,) CHARLES A. SEELY, Chemist.

NEW YORK, 53 CEDAR STREET, NOV. 26, 1867.
UDOLPHO WOLFE, Esq., Present.

DEAR SIR: I have submitted to chemical analysis, two bottles of Schiedam Schnapps, which I took from a fresh package in your bonded warehouse, and find, as before, that the spirituous liquor is free from injurious ingredients or falsification; that it has the marks of being aged and not recently prepared by mechanical admixture of alcohol and aromatics. Respectfully,
FRED. F. MAYER, Chemist.

NEW YORK, Tuesday, May 1, 1867.
UDOLPHO WOLFE, Esq.

Something New in the Jewelry Line, at I. SULZBACHER'S
Hartford, Connecticut.
ASSETS OVER \$10,000,000.
AMOUNT INSURED IN 1867, \$45,000,000.
RECEIPTS FOR 1867, \$5,131,271.
NUMBER OF NEW POLICIES ISSUED, 18,251.
NUMBER OF ETNA'S POLICY HOLDERS, OVER 50,000.
NUMBER AT COLUMBIA AGENCY, 147.

THE growth of the ETNA has never been equaled by any other Company whatsoever in Europe or America. Chartered in 1820, her record is without spot or blemish. Rev. Dr. Cumming, of London, says: "The assurance of life is one of the most Christian things that I know, for what is it? It is taking the lead that would crush ONE FAMILY and spreading it over twenty thousand families; so that a mere drop light upon each, instead of the overwhelming torrent falling upon one, it seems to me a beautiful illustration of bearing one another's burdens. And, therefore, let every young man entering upon life, every head of a family, whether high or low, set his house in order so far as to assure his life."

New Stock Guns, Pistols, Etc.
Directly opposite Phoenix Office.

Estate Sale and Renting of Lands.
IN pursuance of a decree of the Court of Equity, the undersigned will rent, to the highest bidder, at Fairfield Court House, on the FIRST MONDAY in February next, at 12 M., the following PLANTATIONS, belonging to the estate of Nicholas A. Peay, deceased, for the year 1869—to wit:

The HOME PLACE, containing about 1,000 acres.
The Graham Place, containing about 2,000 acres.
The Dutchman Creek Place, containing about 2,000 acres.
The Hickory Place, containing about 4,000 acres.
The Rose Place, containing about 2,500 acres.
The Flint Hill Place, containing about 1,800 acres.

Renters will be required to give notes, with two good sureties to each, or liens on the crops, as they may prefer.
We will also sell, to the highest bidders, for cash, on TUESDAY, the 2d day of February next, and the days following, commencing each day at 11 A. M., at the several places above named, in the order above given, commencing at the HOME PLACE, all the PERSONAL PROPERTY belonging to the said estate, consisting of:

35 head of MULES and HORSES,
100 head of Cattle, more or less,
A lot of Corn, Fodder and Cotton Seed,
Waggons, Cotton Gins, Plantation Utensils, Household and Kitchen Furniture, &c.
C. DURHAM FORD,
JAS. M. RUTLAND, Executors.

AYER'S CHERRY PECTORAL.
For Diseases of the Throat and Lungs, such as Coughs, Colds, Whooping Cough, Bronchitis, Asthma and Consumption.
PROBABLY never before in the whole history of medicine, has anything won so widely and so deeply upon the confidence of mankind, as this excellent remedy for pulmonary complaints. Through a long series of years, and among most of the races of men, it has risen higher and higher in their estimation, as it has become better known. Its uniform character and power to cure the various affections of the lungs and throat, have made it known as a reliable protector against them. While adapted to milder forms of disease and to young children, it is at the same time the most effectual remedy that can be given for incipient consumption, and the dangerous affections of the throat and lungs. As a provision against sudden attacks of CROUP, it should be kept on hand in every family; and, indeed, as all are sometimes subject to colds and coughs, all should be provided with this antidote for them.

Although still great numbers of cases where the disease seemed settled have been completely cured, and the patient restored to sound health by the CHERRY PECTORAL. So complete is its mastery over the disorders of the lungs and throat, that the most obstinate of them yield to it. When nothing else could reach them, under the CHERRY PECTORAL they subside and disappear.

SINGERS and PUBLIC SPEAKERS find great protection from it.
ASTHMA is always relieved and often wholly cured by it.
BRONCHITIS is generally cured by taking the CHERRY PECTORAL in small and frequent doses.

So generally are its virtues known that we need not publish the certificates of them here, or do more than assure the public that its qualities are fully maintained.

AYER'S AGUE CURE.
For Fever and Ague, Intermittent Fever, Chill Fever, Remittent Fever, Dumb Ague, Periodical or Bilious Fever, &c., and indeed all the affections which arise from malarious, marsh, or miasmatic poisons.
As its name implies, it does Cure, and does not fail. Containing neither Arsenic, Quinine, Bismuth, Zinc, nor any other mineral or poisonous substance whatever, it in no wise injures any patient. The number and variety of its cures in the ague districts are literally beyond account, and we believe without a parallel in the history of Ague medicine. Our pride is gratified by the acknowledgments we receive of the radical cures effected in obstinate cases, and where other remedies had wholly failed.

Unacclimated persons, either resident in, or traveling through miasmatic localities, will be protected by taking the AGUE CURE daily.
For LIVER COMPLAINTS, arising from torpidity of the Liver, it is an excellent remedy, stimulating the Liver into healthy activity.
For Bilious Disorders and Liver Complaints, it is an excellent remedy, producing many truly remarkable cures, where other medicines had failed.

Prepared by Dr. J. C. AYER & CO., Practical and Analytical Chemists, Lowell, Massachusetts, and sold all round the world.
PRICE \$1.00 PER BOTTLE.
Sold by all Druggists and Dealers in Medicines everywhere.
